PRECAUTIONARY BOIL WATER NOTICE

City of Mexico Beach

To: Residents of Mexico Beach residing on 42nd St, Miramar Dr, and Circle Dr

A 6" water main break has caused a loss of water pressure.

What should I do?

AS A PRECAUTION, WE ADVISE THAT ALL WATER USED FOR DRINKING, COOKING, MAKING ICE, BRUSHING TEETH, OR WASHING DISHES BE BOILED. A ROLLING BOIL OF ONE MINUTE IS SUFFICIENT. AS AN ALTERNATIVE, BOTTLED WATER MAY BE USED. RESIDENTS ARE ALSO ADVISED TO TAKE PRECAUTIONS WHEN BATHING, ESPECIALLY IMMUNOCOMPROMISED INDIVIDUALS, INFANTS OR THE ELDERLY.

What happens?

A LOSS IN SYSTEM PRESSURE COULD CAUSE BACKSIPHONAGE OF CONTAMINANTS, SUCH AS E. COLI BACTERIA, INTO THE WATER SYSTEM. WATER CONTAINING E. COLI BACTERIA CAN BE CONSIDERED SAFE FOR DRINKING AND COOKING AFTER VIGOROUSLY BOILING THE WATER. DISEASE SYMPTOMS CAUSED BY THESE BACTERIA MAY INCLUDE DIARRHEA, CRAMPS, NAUSEA, AND POSSIBLY JAUNDICE, AND ANY ASSOCIATED HEADACHE AND FATIGUE. EPA HAS SET AN ENFORCEABLE DRINKING WATER STANDARD FOR E. COLI TO REDUCE THE RISK OF THESE ADVERSE HEALTH EFFECTS. UNDER THIS STANDARD ALL DRINKING WATER MUST BE FREE OF THESE BACTERIA.

If you have any questions you may contact: Glenn Davis(Utilities Director) or Garrett Garland(Utilities Superintendent) at (850) 247-3001.
