**RE:** Council Consideration of Resolution 23-10,  
The City-owned real property inventory list - per requirements of F.S. 166.0451

---

This past legislative session, Governor Ron DeSantis signed Senate Bill 102, also known as the Live Local Act. The Act, described by the Florida Housing Finance Corporation, “is a comprehensive, statewide workforce housing strategy, designed to increase the availability of affordable housing opportunities for Florida’s workforce, who desire to live within the communities they serve”<sup>1</sup>. In addition to providing funding for workforce housing with new programs, incentives, and opportunities, the Act also makes various changes and additions to affordable housing-related programs and policies at both the state and the local level.

Specifically, the Act amended the Disposition of Municipal Property for Affordable Housing Law, Florida Statute Section 166.0451, which requires the City to prepare an inventory every three years of all real property within our jurisdiction to which the City holds fee simple title and to determine if any are appropriate for use as affordable housing. This list must be placed on the City’s website by October 1, 2023.

If properties are identified and declared as affordable housing opportunities, they may be:

- used for affordable housing through a long-term land lease requiring the development and maintenance of affordable housing;
- offered for sale and the proceeds used to purchase land for the development of affordable housing or to increase the local government fund earmarked for affordable housing;
- sold with a restriction that requires the development of the property as permanent affordable housing, or,
- donated to a nonprofit housing organization for the construction of permanent affordable housing.

Alternatively, the municipality may otherwise make the property available for use for the production and preservation of permanent affordable housing.

TPC and City staff have reviewed potential appropriate parcels and concluded that the City of Mexico Beach has seven (7) parcels appropriate for use as affordable housing. The attached Resolution has been prepared with an inventory of the parcels.

Florida Statute Section 166.0451 requires the Council to “review the inventory list at a public hearing and may revise it at the conclusion of the public hearing. Following the public hearing, the governing body of

the municipality shall adopt a resolution that includes an inventory list of such property. Each municipality shall make the inventory list publicly available on its website to encourage potential development.”

TPC and City Staff recommend that Council adopt the resolution with the recommendation to include the seven (7) parcels as inventory and place the list on the City’s website for public access.
