RE: Transportation Alternatives (Enhancement) Projects

Dear Chris:

Enclosed you will find a re-submittal form for Transportation Alternatives (Enhancement) Program funds for your projects on the Bay County TPO Transportation Alternatives (Enhancement) Program Project Priorities list. This form, along with a resolution of continued support, must be received by our office by May 31, 2013 in order to keep your project on the Priority list.

A resolution of continued support is required by each project sponsor in order to continue its consideration for funding. Please ensure that this item be added to an upcoming agenda of the sponsoring agency in time to have a finalized resolution to our office by the May 31, 2013 deadline. For your convenience a sample resolution of continued support is attached to this form.

The City of Mexico Beach sponsored project on the TPO's Transportation Alternatives (Enhancement) Priority List is listed below. For these projects to remain on the Priority List, each project must have the re-submittal form completed and a Resolution of Support approved by your governing board. Both of these documents need to be submitted to the TPO by May 31, 2013 so the project will be included in the TPO's Project Priority List. If you need guidance for completion of the re-submittal form, please refer to your previous re-submittals or call me.

- 15<sup>th</sup> Street (US 98) Sidewalk/Multi-Use Path from US 98 to Highway 386 (Current Priority Number 5).

Thank you for your interest in this important program.

Sincerely,
